PLEASE CHECK THE ABOVE INVENTORY AND CALL YOUR DISTRIBUTOR IF ANY PARTS ARE MISSING.

INSTALLATION AND OPERATION INSTRUCTIONS

1. Select a good visible spot in your community or park where you want to install the Poly **DOGIPOT**® Pet Station.
2. Prior to installation, remove the 1¾" x 1¾" x 4' portion of the mounting post from the 2" x 2" x 4' portion of the mounting post before cementing. **Insert the larger portion of the mounting post (2" x 2" x 4') approximately 14" into an 18" deep by 8" diameter hole filled with a 40 lb. bag of "ready to use" concrete mix.** To stabilize the post while cementing, place a rod, bolt or other device through the two bottom holes, prior to inserting into the ground and cementing. Level the post in a straight vertical position and let concrete dry for at least 12 hours. **(NOTE: the three holes 1½" apart indicate the top of the 2" portion of the post).**
3. After the concrete is dry, insert the smaller portion of the post (1¾" x 1¾" x 4') into the larger cemented portion of the post (2' x 2' x 4') until the bottom two holes of the 1¾" post are aligned with the upper two holes of the 2" post. **(NOTE: the two holes 1½" apart indicate the bottom of the 1¾" post).** Insert the two (2) 2½" x 5/16" carriage bolts through the aligned post holes from front to back and affix the washers and locknuts to fix the telescopic post in position. The total height above ground with both post parts should now be approximately 6'6". **(NOTE: the 4th hole down from the top of the 2" post is for installation of the Poly DOGIPOT® Trash receptacle).**
4. Start by installing the **DOGIPOT**® Pet Sign on top of the 1¾" post, with the upper hole matching the most upper hole in the square post using the enclosed 2½" bolts, washers and locknuts. **Continue installing the Poly DOGIPOT® Junior Bag Dispenser according to the mounting instructions enclosed with the Dispenser,** ensuring that the upper edge of the Dispenser is approximately 1" below the lower edge of the **DOGIPOT**® Pet Sign. **(NOTE: the 2¼" x ¼" shoulder bolt is to be installed with an exterior washer in the top mounting hole of the Dispenser. DO NOT OVER-TIGHTEN TO AVOID POSSIBLE CRACKING OF DISPENSER UNIT).**
5. Install the Poly **DOGIPOT**® Trash Receptacle through the pre-drilled holes in the back wall of the receptacle and through the square post with the remaining bolts, washers and locknuts. **ATTACH THE LID TO THE WASTE RECEPTACLE PRIOR TO MOUNTING.** Use the 2" fender washers for installation on the inside of the receptacle. The upper edge of the trash receptacle must be approximately 11.5" below the lower end of your Poly **DOGIPOT**® Junior Bag Dispenser. The trash receptacle lid will open to a pre-determined angle to prevent it from being over extended. The receptacle lid will hit the post when it is fully opened.
6. Insert one of the enclosed **DOGIPOT**® Smart Liner Trash Bags™ into the trash receptacle, folding it over the edge of the receptacle and close the trash receptacle lid.
7. **ENJOY WATCHING PET OWNERS PICK UP AFTER THEIR DOGS!**

Manufactured For: **PARK WAREHOUSE**

The Smart Solution to Dog Pollution.

POLY DOGIPOT® PET STATION

SPECIFICATION, INSTALLATION AND OPERATION SHEET

(A) DOGIPOT® PET SIGN
