### INSTALLATION AND OPERATION INSTRUCTIONS

1. Select a good visible spot in your community or park where you want to install the Aluminum **DOGIPOT®** *MINI JUNIOR* Bag Dispenser, such as on a post, building wall, tree, fence post, street sign post, etc. The recommended installation height of the Aluminum **DOGIPOT®** *MINI JUNIOR* Bag Dispenser is 60" (5').
2. Remove the two keys from the back of the dispenser. Insert key into the universal cam lock on the front access panel and turn one quarter to the right or left. Pull the front access panel towards you and lower from the body of the Dispenser.
3. The Dispenser has two pre-drilled holes through the back wall. These two holes and the mounting hardware included match with the holes of every standard channel or square telescopic mounting post.
4. To refill the Dispenser with **DOGIPOT®** Smart Litter Pick Up Bags™, take two (2) boxed rolls, and tear off the perforated seal from each box.
