- One (1) 2" x 1.75" x 2' telescoping galvanized steel mounting post

PLEASE CHECK THE ABOVE INVENTORY AND CALL YOUR DISTRIBUTOR IF ANY PARTS ARE MISSING.

### INSTALLATION AND OPERATION INSTRUCTIONS

1. Select a good visible spot in your community or park where you want to install the Poly **DOGIPOT® DOGVALET®**.
2. Insert the smaller portion of the post (1¾") into the larger portions (2") until the first 9 holes are lined up between the posts. Using the (2) carriage bolts, washers and locknuts, install them in the 4th and 6th holes and tighten. The head of the bolts should face front to back. Over all length should be 38 inches.
3. Dig a 7" diameter hole, approximately 14" deep into the soft ground. Insert the smaller (1¾") smaller of the telescoping galvanized steel post approximately 12" into the hole filled with a 40 lb. bag of "ready to use concrete mix". Level the post in strait vertical position and let concrete dry for at lease 12 hours.
4. Slide the Poly **DOGIPOT® DOGVALET®**'s back wall inset completely over the 2" x 2" mounting post (see illustration A). Use the (2) 3" bolts, washers and locknuts, fasten the mounting post to the container through the pre-drilled holes inside the **DOGVALET®** body. You may have to wiggle the **DOGVALET®** slightly up and down on the mounting post to get the bolts through the holes in the **DOGVALET®** and the mounting post.
5. Insert one of the enclosed **DOGIPOT® Smart Liner Trash Bags™** into the container body (fold over the upper edge of the container) (see Illustration B).
6. To replace the rolls of **DOGIPOT® Smart Litter Pick Up Bags™**, pull out the empty box, remove the diamond shaped perforated tab from a new bag/roll box and push box in place on the lid shelf. The lid dispenser opening should match the box opening and the lettering on the box should not be upside down. Be sure the bags will be dispensed following the upper wall of the dispenser opening see Illustration C). Close the lid and pull the first bag out by finding the raw edge of the first bag through the dispenser opening.
