

Part of the world's first and largest range of retractable belt barrier systems

Clean and sleek, the Dual Line brings simple elegance to customer guidance. The second retractable belt provides maximum control, limiting the potential for customers, especially children to 'duck' under the belt. The lower belt also enables visually impaired people to detect the belt with a cane. The wide belt creates a better physical barrier and is more visible than traditional 2" belts. The large surface area corporate allows logos or advertising messages to be printed in extra bold type making the message stand out.

Accommodates a full range of post top accessories including sign holders, leaflet dispensers and the Tensa Bowl merchandising fixture.

Specifications:

Construction: steel

Weight: 25.5 lbs

Height: 38"

Tube Dia.: 2.5"

Base Dia.: 14"

Belt Length: 7.5' (13' available)

Belt Width: 2"

Finishes: Available in a full range of colors and finishes

Belt Color: Choice of 8 colors and 4 preprinted safety messages.

Features and Benefits:

- > 6" wide belt for improved physical barrier and printed message visibility
- > Connects to Tensabarriers with standard 2" wide belts
- > Second belt provides maximum control preventing 'ducking under' the belt
- > Complies with ADA/UFAS 4.4.1 – ensures that visually impaired people who employ a cane or guide animal can detect the lower belt
- > Smooth 2.5" post contains the SlowRetract belt cassette for a seamless look and maximum safety
- > Locking belt end prevents accidental release of the belt
