

## Mason Standard

The Mason Collection offers a streamlined, contemporary, yet upscale design alternative.

- Sleek and contemporary laser-cut design
- Servicing is easy with the lift off top
- Three Stainless Steel leveling feet with a welded 3/8" dia. threaded shaft
- Three anchoring feet
- TGIC Polyester powder coat finish
- Includes Black high density polyurethane rigid plastic liner
- Encapsulated cable keeps lid secure and anchor kit securely attaches receptacle to ground
- Standard protective coated base protects surfaces from rust rings
